

Welcome to the SDA 2 RAC Meeting!

Purpose

SPARK needs you, your time, and your voice.

The purpose of the Regional Advisory Council is to strategically aid and advise SPARK Learning Lab about our services, so we can better support those who support Hoosier children and families.

We know your time is precious and thank you for joining us tonight.

These Hoosiers are worth it...

Old Business – COVID Related Recommendations

RAC members made several suggestions regarding how SPARK can provide support and resources related to the COVID-19 vaccine.

The Early Childhood Workforce is now eligible for both federal and state vaccination programs. Eligibility is being highly promoted throughout national and local news. SPARK is interested in understanding if there is anything else that we can do here. Please email RAC@indianaspark.com with any other needs.

Old Business – Communication Recommendations

SPARK could create a resource on how program leaders can give their staff time to explore SPARK resources; top 3 things that staff should know / engage with; something that can be formatted to be an email a provider can send personally to people they know.

This idea has been submitted to SPARK's new Leadership & Development Specialist, Nathalia Bustamante, as a resource idea that can be built into a larger module that includes all training and resources (both required and recommended) that new staff should complete to support leaders in orientation.

Old Business – CEU Related Recommendations

Many programs look for trainings that offer continuing education units (CEUs).

SPARK is working with the University of Southern Indiana to determine if SPARK learning opportunities could be approved for CEUs through the University. We have submitted content to USI who is currently reviewing. This will be at a cost to the program, but we hope that this fee is nominal and definitely cheaper than other sources for CEUs.

Old Business – Swag Distribution Plan Update

The RAC would like SPARK to share an update on the swag distribution plan.

We have gathered the data and have the inventory. SPARK will be shipping items like SPARK outlet covers, highlighting pens, and PPE kits to those programs that have engaged with SPARK in early May.

How should SPARK set up Groups access at initial rollout to users?

- Some Groups are open to all, and some are Invite or specific criteria must be met to participate
- All Groups are open to all users and they can join anytime
- No Groups are open to the public, but based on specific criteria must be met to participate

How would the Groups feature be best used by SPARK?

- Peer mentoring
- Directors only
- Peer to peer engagement on defined topics
- Continued collaboration after Professional Development
- General updates from SPARK

Timeline

- April 1-15 2021 - Determine best use of Groups
- April 16-30 - Design groups and load into My SPARK Learning Lab
- May 1-15 - Make visible to participants and invite participation

Program Staff Engagement with SPARK

- How do you provide professional development on an ad hoc or on-going basis with your staff?
- What are the top 3 professional development needs of your staff?
- When does your staff have time for professional development?
