

Welcome to the SDA 2 RAC Meeting!

Purpose

SPARK needs you, your time, and your voice.

The purpose of the Regional Advisory Council is to strategically aid and advise SPARK Learning Lab about our services, so we can better support those who support Hoosier children and families.

We know your time is precious and thank you for joining us tonight.

These Hoosiers are worth it...

Old Business – PTQ

SPARK to create a post-PTQ resource on how to increase funding after the rating increase

This request has been submitted to our content development team.

Old Business – PTQ

Spark to align and review the PTQ resources around level and accreditation requirements

SPARK has released a new resource that filters PTQ and Accreditation resources based on program type and level.

Old Business – PTQ

Spark to add additional mailings earlier in the PTQ notification process. Such as a mailing in during the 30-90 day window.

OECOSL has moved to sending text messages when a program's expiration is approaching and SPARK has moved away from mailings. Does this meet the need?

Resources For Providers

The Early Learning Marketplace makes it easy for child care providers to market their programs and available openings directly to families in need of care. By using the site, providers can maintain their program profiles and highlight unique offerings, communicate directly with families, schedule tours, begin the enrollment process and more.

Providers Benefits

Early Learning Indiana Marketplace

- Marketing site for providers to connect with families
- Providers need to complete their profile and showcase their programs
- EL Marketplace will be launching a public marketing campaign for “parents/guardians” in the next phase

Early Learning Indiana Marketplace

- It's an external customer or "guardian/ parent" web shopping experience for finding child care
- Families can find child care options by geography
- Families can compare programs and learn about services
- Families can message providers, schedule tours, begin the enrollment process

Early Learning Marketplace Questions

COACHING ENGAGEMENT

Coaching Engagement

- Tier 1 Coaching is available to all via phone, chat, or email
- Tier 2 Coaching is available through sign-up and promoted on social media, email, and SPARK Connect AND as an option after completing all or a portion of the ISAT
- Tier 3 Coaching is an option after completing all or a portion of the ISAT

Question 1- Coaching Engagement

How do providers want to engage or have access to coaches?

Question 2- Coaching Engagement

Is the ISAT the right gateway to accessing coaching services? Why or why not?

I- SAT UPDATES

I-SAT Project Overview

- I-SAT Revision Timeline & Process
 - Three phases that include adding new and combining Quality Items, heavy revision of previous items, and light revisions
 - Survey and Focus Group data informing the revisions
 - Expected release January 2023

Most Common Education and Care Program Types

Good Representation Across All 5 SDAs

Main Reasons Why Some Have Not Completed the I-SAT

Biggest challenges related to mental health/wellness support

- The main challenges are staffing and funding. Below are some testimonials from respondents:
 - BLG grant funding for this will only last one school year
 - I do not have the staff or the funding to support my staff in this MUCH need area
 - I don't have the funding or resources to provide support
 - I don't have the staff to provide support
 - I don't know what mental health support my staff need
 - Just making sure they know that there is mental health awareness if they need it for themselves or other family members
 - My teachers finding the time to self care.
 - Resources
 - Staff and funding
 - The mental health support we have is not what we need.
 - There is a stigma around mental health
 - When asked how they are doing, if they are ok, or if they would like to talk, I receive the response, "I'm fine, but thank you."
 - Where would I find staff to work for \$15/hour or less without benefits?

Biggest challenges related to business support

- The main challenges are funding, hiring/retention, time, and tools/resources/support. Below are some testimonials from respondents:
 - Hiring good staff people that want to work and that you can trust with other people's children
 - Lack of available, quality staff means inability to provide services. Unable to provide services to families and training to staff due to daily staff shortages
 - I need to up tuition to pay teachers what they should get paid- But parents can't afford it.
 - I'll find out more when our cohort starts. But I really don't have time. I am subbing so much, sometimes I barely get the basics done
 - I don't have the tools or resources
 - I don't know who to go to for support

Welcoming Environment

[Review item](#)

Beginning: Classrooms meet basic health and safety standards including having necessary space per child as required by licensing, no electrical cords/plugs accessible to children, free of clutter/trash, necessary evacuation/emergency signage is posted, etc.

Developing: Teachers ensure that the following occurs: -Each child and his/her family are warmly acknowledged upon arrival and departure. -The environment includes representation of each child and family. -A place for storage of each child's personal belongings and possessions labeled with the child's name and a picture. -The classroom is generally characterized by varying sounds and/or comfortable conversations from engaged children and involved adults.

Emerging: Plans and environmental accommodations for children with developmental needs are evident in classrooms. Learning environments create opportunities for children to have discussions with teachers or with each other.

Mastering: Teachers work as a team to design an environment that protects children's health and safety, helps reduce challenging and disruptive behavior, stimulates group and individual learning, and provides easy access to learning materials and experiences.

Excelling: Teachers work regularly with families to identify and implement new ways to represent the child and family's culture in the classroom.
